GRAND CHEROKEE

Jeep

THE MOST BEAUTIFUL OF ADVENTURES HAS BEGUN. A UNIQUE AND DETAILED DESIGN MELDS WITH AN ENTIRELY MODERN CHARACTER. THE RESULT: YOU ARRIVE AT THE PINNACLE OF LUXURY, APPOINTED WITH ADVANCED AMENITIES AND FULLY REALISED JEEP® BRAND CAPABILITY. THE TIME IS NOW TO MAKE EACH MOMENT GRAND.

Jeep

SCULPTED AND ATHLETIC.
Meet the heir to Grand Cherokee's nearly 20-year heritage of original, innovative design. Nearly every exterior surface has been redesigned to improve aerodynamics and reduce noise, vibration, and harshness.

TIMELESS DESIGN.
Jeep® brand vehicles are among the most easily recognised in the world. With the Grand Cherokee, you also see something more: it has taken a breathtaking step forward. A higher, wider stance reflects tremendous strength. The traditional seven-slot grille and trapezoidal wheel arches tell the world you're driving a modern masterpiece.

INNOVATIVE ENGINEERING.
Redefined world-class capability and luxury. With this formidable task firmly in hand, Jeep® brand engineers have infused Grand Cherokee with technical wonders, like the Quadra-Lift™, Selec-Terrain™, Adaptive Cruise Control, and amenities such as the CommandView® dual pane panoramic sunroof.

QUALITY ASSURED.
Jeep® brand engineers and testers helped validate Grand Cherokee's solid durability and strength by devoting countless hours to wind, noise and aerodynamic evaluations. The result? A weather-tight, all-round quiet ride. Its capability has also been proven in the most extreme conditions, like those on the Rubicon Trail.

THE ADVENTURE

THE ADVENTURE OF DESIGNING A MASTERPIECE.

THE CHALLENGE OF MERGING ALL-NEW CAPABILITY WITH APPOINTMENTS OF EFFORTLESS GRACE WAS FORMIDABLE. THE RESULT? AN EVOLUTIONARY MASTERPIECE CULLED FROM 70 YEARS OF RUGGED JEEP® BRAND EXPERTISE, A STEADY HAND AND A PALATE FOR DETAILED FINERY. THIS IS THE JEEP® GRAND CHEROKEE.

AN ARTIST'S EYE FOR DETAIL. Interior designers took exceptional care and attention with Grand Cherokee's cabin. Soft-touch accents, hands-free technology and utterly luxurious amenities are crafted with an artisan's eye for detail.

INGENUITY UNLEASHED. Some of the world's most talented designers were given free reign to create an SUV that exceeds all expectations. After literally hundreds of handmade and computer-aided sketches and designs, the results revealed in the Jeep® Grand Cherokee are simply stunning.

A silver Jeep Grand Cherokee is shown driving on a winding asphalt road that curves through a mountainous landscape. The terrain is rugged, with rocky outcrops and patches of green and brown vegetation. In the background, there are steep, rocky mountains under a sky filled with soft, white clouds. The car is positioned in the lower right quadrant of the frame, moving towards the viewer. The overall scene conveys a sense of adventure and luxury in a natural setting.

ROAD MANNERS TO BRAG ABOUT.

When they ask about Grand Cherokee's smooth, refined ride; the hushed, acoustically sound cabin; the easy, controlled cornering, answers come easy. The isolated cradles of the independent front and rear suspension help provide added cushioning not unlike the priciest luxury saloons. The double-dash construction and the premium insulation help stop road noise in its tracks. The precise fit and finish manufacturing methods are designed to create near-perfect assemblies. It all adds up to an on-road experience that rivals many of the world's most luxurious saloons.

ACTIVE HEAD RESTRAINTS. A standard and effective safety feature that can help stave off neck injuries. Restraints automatically react and adjust to help provide protection during rear-impact collisions.

FORWARD COLLISION WARNING (FCW). Even the most attentive drivers will appreciate the help of this warning system. Approach another vehicle too rapidly and Grand Cherokee lets you know so you can take appropriate action.

A SAFE, SECURE AIR BAG SYSTEM. Always standard: full-length side-curtain, seat-mounted side-thorax and advanced multistage front air bags all work in tandem to help provide protection.

ELECTRONIC ROLL MITIGATION (ERM). If things get rough, Grand Cherokee's ERM takes immediate action to help you maintain stability and remain under control.

HILL DESCENT CONTROL (HDC) AND HILL START ASSIST (HSA). These systems are always at your beck and call when you need to get safely up and down the mountain.

ANTILOCK BRAKE SYSTEM (ABS). The benefits of ABS on slippery, wet roads are widely known. This advanced system knows when you're driving over rough terrain and adjusts accordingly to help keep you in optimum control.

SENTRY KEY® THEFT DETERRENT SYSTEM. A unique, embedded key code matched only to your vehicle helps keep your Grand Cherokee safely where it belongs.

BLIND SPOT MONITORING AND REAR CROSS-PATH DETECTION SYSTEMS. These sentry systems constantly monitor the space between you and other drivers. When a side or rear blind spot is encroached, you're notified via illuminated icons on sideview mirrors or an audible chime.

SAFETY & SECURITY

GUARDIAN HERO.

PEACE OF MIND TAKES YOU AND YOURS FAR. JEEP® GRAND CHEROKEE IS ENGINEERED TO PERFORM HEROICALLY IN ALL DRIVING CONDITIONS. YOU'LL FEEL THE STRENGTH OF ITS REINFORCED STRUCTURE, SHELTERED WITHIN AN ENVIRONMENT THAT SERVES YOU WELL. GO BOLDLY FORTH, EMPOWERED WITH THE INSPIRED CONFIDENCE OF GRAND CHEROKEE.

ELECTRONIC STABILITY CONTROL (ESC). A vehicle-wide network of safety sensors provide instant aid when they detect that you're veering off your intended path. ESC immediately goes into action when needed.

RAIN-SENSITIVE WINDSCREEN WIPERS AND RAIN BRAKE SUPPORT. Storm clouds hold little influence over your daily drive. Front wipers activate when raindrops are detected and a smart brake system helps dry the brake discs on wet roads.

SMARTBEAM™ HEADLAMPS WITH AUTO-LEVELLING. Brighter, better, safer. Bi-Xenon High Intensity Discharge (HID) headlamps shine up to three times brighter than regular headlamps. An auto-levelling feature keeps lamps focused down at the road ahead. Headlamp washers keep front lamps clean and clear.

PARKSENSE FRONT AND REAR PARK ASSIST SYSTEM AND PARKVIEW™ REAR BACK UP CAMERA. Back in and out with grace. These systems help bring previously hidden rear objects to your attention, either on-screen or with an audible warning, in good time to react.

TRAILER SWAY CONTROL (TSC). Crosswinds and traffic hold no sway over you and your payload. As part of ESC, TSC helps keep the equipment you tow safely on course and under control.

ADAPTIVE CRUISE CONTROL (ACC). ACC automatically adjusts cruising speed to maintain a preset distance between your Grand Cherokee and the crowd ahead.

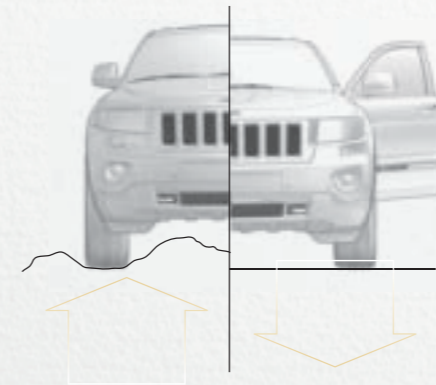

IT'S A 4x4 WORLD OUT THERE.

CAPABILITY

CONFIDENCE TO GO ANYWHERE, DO ANYTHING® IS BORN AND BRED IN EVERY JEEP® BRAND TRANSFER CASE. JEEP TRAIL-READY 4x4s PERFORM TO RIGOROUS STANDARDS IN FIVE CATEGORIES: ARTICULATION, MANOEUVRABILITY, TRACTION, GROUND CLEARANCE, AND WATER FORDING. KEEP MOVING FORWARD, NO MATTER WHAT LIES AHEAD.

QUADRA-TRAC II® offers all-speed traction control to help keep you on course. If wheel slippage occurs, up to 100 percent of the available torque can be routed to the axle with the most traction. Low-range provides rock-crawling prowess. Limited models only.

QUADRA-DRIVE II® puts ultimate capability at hand with its Electronic Limited-Slip Differential (ELSD) that transfers 100 percent of torque to the wheel(s) with traction. Overland and Overland Summit only.

QUADRA-LIFT™

A revolutionary system that gives you ultimate control of your suspension. It allows you to easily raise your vehicle higher, up to 105 mm of additional ground clearance, for a maximum ground clearance of 270 mm above ridges and rocks. Or lower it 40 mm for easier entry, exit and loading. The system also raises the vehicle from back to front to help keep headlights safely focused downward at the road ahead. Overland and Overland Summit only.

SELEC-TERRAIN™

Optimal on- and off-road traction is instantly at hand. Five selectable settings electronically coordinate 12 different vehicle management systems to adjust your traction control to match the road ahead. Whether you're caught in snow-covered city streets or climbing backcountry hills, you'll have the confidence to bravely meet all challenges.

REDEFINE THE RIDE.

YOU'RE PROTECTED FROM THE WORLD AND ITS WORRIES, THANKS TO GRAND CHEROKEE'S ALL-WEATHER APTITUDE AND SMOOTH RIDE. JEEP® ENGINEERS DEVOTED ENDLESS HOURS OF DETAILED ATTENTION TO GRAND CHEROKEE'S FIT, FINISH AND DURABILITY, RESULTING IN HANDLING THAT FEELS CLOSER TO A LUXURY SALOON THAN A FORMIDABLE SUV.

INDEPENDENT SUSPENSION. + The front and rear suspension and their isolated cradles help absorb troubling bumps as if they were never in your way.

UNIFRAME CONSTRUCTION. + Renowned ultra-high-strength Jeep® engineered UniFrame construction incorporates high-strength steel, adding substantial body stiffness and reduced road noise, giving you one of the quietest rides available in an SUV.

SMOOTH STEERING. + Grand Cherokee's electrohydraulic power steering provides the natural, smooth feel of a sophisticated conventional hydraulic power steering system while simultaneously helping to improve efficiency by using electric power instead of drawing power from the engine.

RIDE & HANDLING

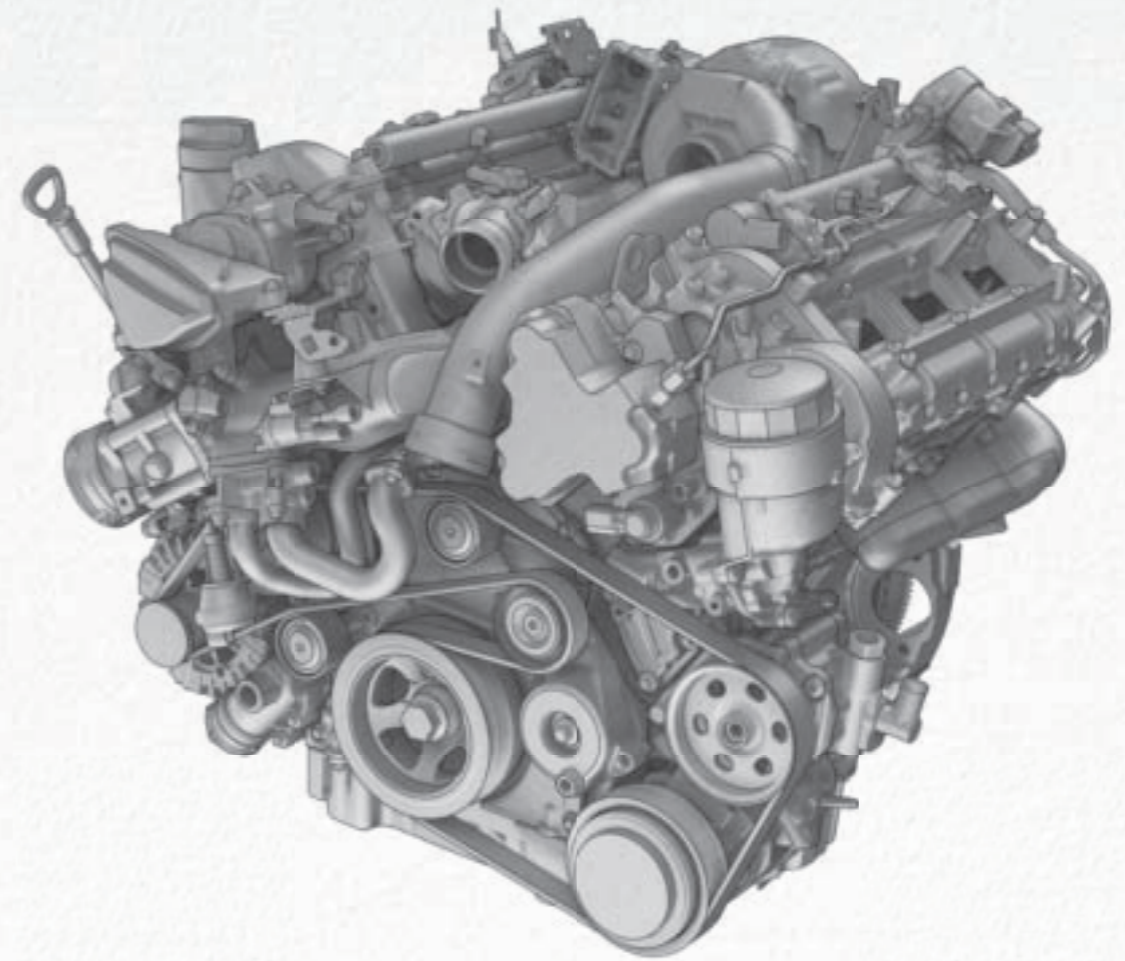

SMART. STRONG.
