Air Deflectors - Rear Air Deflector

Mopar's Rear Air Deflector mounts on the rear liftgate to help keep the rear window cleaner. By directing a steady stream of air across the back of the vehicle while in motion, dirt and grime flows past the glass without settling. The attractive tinted deflector is made of shatter-resistant acrylic plastic.

Bumpers - Off-Road Bumper

Steel high clearance bumpers are tough and heavily gusseted for strength and tough looks. The front bumper is designed to meet all Chrysler occupant protection requirements and is compatible with your vehicle's airbag system. The front bumper features a tubular grille guard, "Jeep" badge, and is also available with integrated Winch mount and production Fog Lamp mounting provisions. It is wide enough to provide fender protection but is narrower than the stock bumper. Uses the production tow hooks. The Winch is mounted low for protection, and does not restrict engine cooling. The rear bumper is styled to match the front, features tow eyes, and works with the production hitch receiver. The textured Black finish is E-coated and powder coated to meet the industry's toughest corrosion requirements. Functional and Strong, these bumpers are just the ticket for your off road customers!

These products are designed to enhance the appearance of the vehicle; they are not intended to prevent injury or damage in the event of an accident and are not intended to be used as a tie-down device.

MOPAR PERFORMANCE WARRANTY

NOTICE

Federal and many state laws prohibit the removal, modification or rendering inoperative of any part or element of design affecting emissions or safety on motor vehicles used for transporting persons or property on a public street or highway. Violation may result in a fine of up to \$27,500 per vehicle.

Mechanical and/or electronic performance parts listed in this catalog cannot be used on vehicles used on public streets or highways. These parts may be used only on vehicles used solely in sanctioned off-highway events. No other applications are intended or implied. Those parts that have been granted an exemption by the California Air Resources Board (CARB) or meet the EPA requirements of memorandum 1A are legal for highway use in California, New York and Massachusetts and are noted as such.

NO PARTS WARRANTY – “AS IS”

Mopar Performance parts are sold “as is” unless otherwise noted. This means that parts sold by Mopar Performance carry no warranty whatsoever. Implied warranties, such as warranties of merchantability, are excluded. (An implied warranty of merchantability means that the part is reasonably fit for the general purpose for which it was sold). The entire risk as to quality and performance of such parts is with the buyer. Should such parts prove defective following their purchase, the buyer and not the manufacturer, distributor or retailer, assumes the entire cost of all necessary servicing or repair. Dodge, Chrysler and Jeep® vehicle and parts warranties are voided if the vehicle or parts are used for competition. The addition of performance parts does not by itself void a vehicle’s warranty. However, added performance parts (parts not originally supplied on the vehicle from the factory) are not covered by the vehicle’s warranty, and any failure that they may cause is also not covered by the vehicle’s warranty.

EMISSIONS STATEMENT

Federal law requires emissions parts on new vehicles to be warranted for at least two years or 24,000 miles, whichever comes first. Federal and many state laws also prohibit the removal, modification or rendering inoperative any part that affects emissions or safety on motor vehicles used on public streets or highways.

Many Mopar Performance parts are designated for track use or off-road use only. Installation of certain components may bring the vehicle out of compliance with safety and/or emissions standards. Mopar recommends that vehicles with parts designated in this fashion not be operated on public roads. Mopar Performance customers are responsible for complying with applicable state and local environmental regulations.

Additionally, certain performance parts may affect the emissions characteristics of the vehicle. If you install them on the vehicle, and your vehicle consequently fails a required state or local I/M (inspection and maintenance) emissions test, including any test required to maintain or renew your vehicle’s registration, or if your vehicle is subject to an emissions recall, Chrysler LLC may not be required to repair your vehicle under the emissions performance warranty, and you may be required to remove those parts at your own expense in order to obtain repairs necessary to pass the I/M test or to perform the recall.

NOTE — CALIFORNIA ONLY

The emissions laws and regulations of the state of California apply to all non-racing vehicles operated in California. Consequently, those parts marked in this catalog with an asterisk and appropriately marked on their packaging may legally be used in California only on a racing vehicle that will never be operated on public roads.

PARTS ORDERING AND INQUIRIES

The parts in this catalog may be ordered from authorized Chrysler, Jeep and Dodge dealerships or the speed shops carrying the Mopar Performance line of products. When a part ordered has been superseded, the replacing part will be shipped automatically. The price of the replacing part may differ from the ordered part.

All product illustrations and specifications are based upon current information at the time of publication approval. Although descriptions are believed correct, complete accuracy cannot be guaranteed. Chrysler LLC reserves the right to make changes at any time, without notice or obligation, to the information contained on this printed document, including and without limitation to prices, specifications, equipment, colors, materials, and to change or discontinue products.
